THE FIRST NAME IN INTERCOMMUNICATIONS

At times like this, you better have an intercom system you can count on.

Things could go from warm and sunny to partly cloudy rather quickly on the set if you're unable to communicate effectively. That's why Telex developed ADAM," the most advanced intercom system ever designed. It allows communication with up to 1,000 people with CD quality audio and takes up minimal space, eliminating unnecessary clutter. ADAM" (Advanced Digital Audio Matrix)

is cost effective, all digital and backward compatible, so it will work with your existing RTS" CS9000 series key panels. And because there is no size Contraction of the Contraction of the limitation, you'll never outgrow ADAM? These features make ADAM" a system of the future, available today. Exactly what you'd expect from a sound company like Telex. Give us a call, we'll help you keep your sunny dispo
